

DESCRIPTION

Aromatic hydro carbons, for the thinning of alkyd, poly urethane and acrylic thermoplastic systems and cleaning of tools and equipment

Appearance

- Clear liquid

BASIC DATA AT 20°C (68°F)

Product Properties	
Mass density	0.87 kg/l
Flash point	25°C
Boiling point range	137 – 143 °C
Flammability	This material is flammable and should be handle with care ,keep material away from sources of ignition and tack necessary precautions against static discharge
Storage	In original tightly closed containers in a cool well ventilated place at a temperature between 5°C and 40 5°C
Shelf life	3 years when stored in accordance with the above storage instructions

SAFETY PRECAUTIONS

- This is a solvent- borne paint and care should be taken to avoid inhalation of spray mist or vapor, as well as contact between the wet paint and exposed skin or eye
